FINANCIAL AND COMMERCIAL.

Tussday, April 3-6 P. M. The stock market has been active and strong to day, with a further material advance in Michigan Southern, Rock Island and Cleveland and Pittsburg, and, but to a Rock Island and Cleveland and Pittsdarg, and, but to less extent, in the other leading railway shares. Eric continued to be vigilantly hammered by the bears and failed to experience any improvement. It remained steady, however, till near the close of business, when it declined 1 a 1½ per cent, partly in sympathy with the general market. At the early session of the open board Erie (sales 8,100 shares) sold at 74%, New York Central (a. 3) 91%, Michigan Southern (sales 2,500) 87% a 36. Cleveland and Pitts-burg 79% a 80, Rock Island 116%, Northwestern (sales 1,100) 2614 a 34, preferred 55, Fort Wayne 8914. At the first regular board the market was strong, with espe-cial buoyancy in Michigan Southern (sales 3,400 shares) and Rock Island (sales 1,300). The former osed 214 higher than at the half-past two ard yesterday, and the latter 214. Cleveland and Pittsburg (sales 3,100) and Fort Wayne (sales 1,200) were also very firm and in the ascendant, the one closing at an advance of 134 and the other of 134. New York Central was % higher, Reading %, Northwestern %, Ohio and Mississippi certificates %. Erie was an excep-tion to the rule, and showed a decline of %. Government securities were dull. Coupon ave-twenties of the 1862 issue, were % lower. The second issue advanced %, seven thirty notes of the second series %.

At the one o'clock session of the open board Michlean Southern was active and sold at 88% a % (880s. 2,000). New York Central sold at 91%, Reading 100 Rock Island 116 a 1/4, Cleveland and Pittsburg 79%. Northwestern preferred 54%, Fort Wayne 90%. There was no afternoon session of the regular board, in order to allow the members to attend any later session of the open board. A large amount of business was nevertheless transacted in the lower hall of the Stock Exchange. Michigan Southern rose to 89%, but afterwards receded a fraction, and at half-past five the market clused steady at the followand Pittsburg 781/4 a 1/4, Northwestern 261/4 a 1/4, prorered 54% a %, Rock Island 115% a ½, Fort Wayne 89% a ½, Eric 73% a ½, New York Central 91% a %, Hudson River 100% a %, Reading 98% a 99. Michigan Southern continued to absorb attention, and its stubborn strength surprises and perplexes the street; 89% was bid at the close for any part of 5,000 shares. The bears are apprehensive, yet at the same time doubtful, of a "corner" in the stock, the "short" interest in which is supposed to be large.

The United States Supreme Court has decided that the Chamberlin lease and judgment for \$1,200,000 against the Eastern Division of the La Crosse and Wilwaukee after the first and second mortgage bonds, taking precedence of J. Edgar Thompson's and Thomas Scott's advance of nearly \$500,000 to pay past due interest. This lease judgment, as well as all other claims that are of any value against the property, are owned by the Milwaukee and St. Paul Railroad Company. The gold market has been moderately firm. The open-

ing price was 127%, followed by a decline to 127% and a subsequent advance to 128 a 1/2, the closing quotation. Coin for delivery was in demand at 6 per cent a 1-16 in favor of the lender.

Foreign exchange was dull. Bankers' bills at sixty days on England were quoted at 1061/2 a 1/2, three days' 107% a %, commercial 105 a 106%. Bills on Paris were rated at 5f. 30c. a 5f. 35c. for long date and 5f. 25c. a 5f. 27%c. for short date. That the large exports of cotton going forward are excerting a very depressing influence upon the sales is apparent; and how far or how long this depression may characterize the market in the futere is a matter upon which opinions widely differ.

The money market is easy at five por cent to the Stock Exchange, and the exceptions at six are rare. The discount line is quiet, and first class commercial paper

on the 1st inst. shows that the Secretary of the Treasury has been making conversions of securities in a manner unauthorized by any act of Congress. The ten-forty bonds have decreased more than a million and a half. Into what have these been converted, and at whose soficitation? There is an increase of the sixes of 1851 from \$282,693,100 to \$283,715,650, and of the five-twenties from \$676,043,500 to \$679,956,000. These hanges call for an explanation. The total debt shows a se of \$75,063, and the legal tender notes of \$2,686,121, \$2,000,000 of which is on the item of compound notes. The coin in the Treasury has decrease \$6,933,508.
